5. We will not include personal email or postal addresses, telephone or mobile numbers in videos, or on our website, or in printed publications.
6. If we use images of individual children, we will not use the name of that child in the accompanying text or photo caption without good reason, or where it is clear intention that the image has been produced with the clear intention of identifying that individual.
7. We may use group images with generic labels and we will only use images of children who are suitably dressed, to reduce the risk of such images being used inappropriately.
